

*Forget the past, it is gone.
Do not think of the future,
it has not come. But live in
the present because it's a
gift and that's why it's
called the present. Happy
birthday.*

Logan

*Wishing you an
exceptionally cheerful
birthday and the very
best for the coming year.
Much obliged for being a
particularly
extraordinary friend!*

Luca

I'm sorry for always supporting
you because you're a selfish
friend but still you're my friend.
Say thanks to God for living
many more years.

Carter

You're not my true brother, I'm
happy. Since you are so smart
and gorgeous, my parents would
have been more proud of you
than me. Happy birthday!

Smith

Happy Birthday My Friend
cheers. Everything is more
enjoyable when you're close by.
Here's to one more year of
having a great time and being
impressive!

Thomas

*Happy Birthday, cheers.
Wishing my stylish friend
an exciting birthday and
one more year of looking
impressive! Make the most
of your exceptional day.*

Nathan

*Happiest birthday to the
most handsome, smart,
and charming person on
the planet. Wait!!! Did I
just say a good word for
you, sorry for my mistake.*

Asher

On your birthday don't forget to
set goals that are sky high, and
spend the rest of the year
miserably trying to build a
rocket to get there.

Pearl

I hope you don't care that I
have bought you a cake to
deliver to your mother,
congratulate your mother on
her work and birth. She was
the one who did the whole job, I
mean. You cracked out just a
little! Happy birthday!

Levi

Best greetings, mate! Regardless
of how old you are, I'm the
friend who makes you feel
young and worried about using
soft white lies. Love you lots.
Happy birthday!

Ananya
